

CERTIFICATE OF ASSURANCE

ENVIRONMENTAL
SOLUTIONS

Clean. Reliable. Innovative.

Liquid Environmental Solutions will take possession of and responsibility for a customer's waste material upon loading of the material into our collection vehicle or delivery of the material to our facility by the customer or a third party hired by the customer as long as:

- The customer has accurately described the waste material on the documentation provided to Liquid Environmental Solutions
- The waste material tendered by the customer conforms to the description given by the customer
- The customer has complied with all applicable laws and regulations and has adhered to the terms of any contract agreement between customer and Liquid Environmental Solutions

Liquid Environmental Solutions will transport, store, recycle, reclaim, treat, and dispose of the customer's waste material in accordance with all applicable laws and regulations. If a spill or discharge involving the customer's waste materials occurs while the waste material is in our possession or if environmental contamination results from our handling of the waste material, Liquid Environmental Solutions will remediate the spill or discharge or remedy the contamination in compliance with all applicable laws and regulations. Any fine or penalty associated with LES non-compliance of liquid waste laws and regulations issued to a customer will be paid by LES.

To support the foregoing undertakings, Liquid Environmental Solutions maintains a broad range of insurance covering liabilities typically arising out of the handling of waste materials.

A handwritten signature in black ink, appearing to read "RL", is written over a horizontal line.
