Municipal Solid Waste Permit No 2234D/CN603229436/RN100708841  
Part I Form Pages 3 and 4 Changes to Library Location

Dear Ms McCaine

On behalf of Liquid Environmental Solutions of Texas, LLC (LES), enclosed please find Part I Pages 3 and 4. These corrected pages are being submitted to the TCEQ to reflect the new library location for LES Houston Permit Amendment 2234D for public viewing. The reason for this change is that the library location noted in the previous Part I, (Galena Park Library) where the application was originally placed is closed due to renovations.

As required under 30 TAC §305.70, a complete copy of this response will be posted on the facility's website. The website address where the information can be found is [www.liquidenvironmental.com/AboutUs/Notices.aspx](http://www.liquidenvironmental.com/AboutUs/Notices.aspx).

Should you have any questions, please contact Mr. Ari Elden, Director of Projects for LES at 858-945-5219 or me at 512-529-1999.

Sincerely,  
DANIEL B. STEPHENS & ASSOCIATES, INC

## Alternative Language Notice Instructions

For certain permit applications, public notice in an alternate language is required. If an elementary school or middle school nearest to the facility offers a bilingual program, notice may be required to be published in an alternative language. The Texas Education Code, upon which the TCEQ alternative language notice requirements are based, trigger a bilingual education program to apply to an entire school district should the requisite alternative language speaking student population exist. However, there may not exist any bilingual students at a particular school within a district which is required to offer the bilingual education program. For this reason, the requirement to publish notice in an alternative language is triggered if the nearest elementary or middle school, as a part of a larger school district, is required to make a bilingual education program available to qualifying students and either the school has students enrolled at such a program on-site, or has students who attend such a program at another location in satisfaction of the school's obligation to provide such a program as a member of a triggered district.

If it is determined that an alternative language notice is required, the applicant is responsible for ensuring that the publication in the alternate language is complete and accurate in that language. Electronic versions of the Spanish template examples are available from the TCEQ to help the applicant complete the publication in the alternative language.

### Alternative Language Notice Application Form:

Alternative language notice confirmation for this application

1. Is a bilingual program required by the Texas Education Code in the school district where the facility is located?  YES  NO
